CENTRAL INTAKE

The Child and Adolescent Central Intake program is designed to steer in the most appropriate direction those children & youth referred for Mental Health & Addiction services. Intake Coordinators assess all referrals and determine the most appropriate intervention for a child or youth, while also considering waiting lists. Intake coordinators can also offer support and information to families & youth waiting for services.

Potential clients can go through the intake process over the phone or in person.

Central Intake also offers consultation to other professionals seeking support and information about best-practice, services, and clinical issues.

THE EASTERN HEALTH SERVICES INVOLVED IN CENTRAL INTAKE ARE

1. Connect Program
2. BRIDGES Program
3. Community Mental Health Counsellors (Bell Island/Torbay/Portugal Cove area; CBS; Shea Heights; Ferryland & Witless Bay)
4. Janeway Child & Adolescent Psychiatry
5. Janeway Family Centre

All other child and adolescent services of Eastern Health will continue with their current intake process.

REFERRAL PROCESS

Families and Youth can refer through Central Intake by calling (709) 777-2200.

GP referrals are required for Child & Adolescent Psychiatry

Professionals can refer through Central Intake using the Mental Health & Addictions Referral Form (www.easternhealth.ca)

Fax: 709-777-2211
