PROJECT ECHO NL: OPIOID USE DISORDER (CYCLE 1)

Session 1: Tuesday, October 12, 2021

Optimizing Patient Retention in Opioid Dependence Treatment

Tuesday, October 12, 2021
8:30 – 9:30 am NDT

Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Discuss the importance of patient retention in opioid dependence treatment (ODT) programs.
- Identify factors that result in reduced retention in ODT programs.
- Identify factors that result in increased retention in ODT programs.
- Apply strategies to enhance patient retention in ODT programs.

Speaker:

Dr. Meldon Kahan, MD, CCFP, FRCPC
Medical Director, Substance Use Service
Women's College Hospital
Toronto
