

# PROJECT ECHO NL: OPIOID USE DISORDER

*Session 1: Tuesday, December 1, 2020*

## Introduction to Opioid Agonist Treatment (OAT) Options in Newfoundland and Labrador

**Tuesday, December 1, 2020**  
**8:30 – 9:30 am NST**

### Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Define opioids and will have increased confidence in their ability to identify Opioid Use Disorder (OUD)
- Discuss Opioid Agonist Treatment (OAT) and distinguish between the various medical therapies used to treat OUD
- Explain how the geography of Newfoundland and Labrador impacts the accessibility of OAT
- Describe the Hub and Spoke Opioid Dependence Treatment model, as well as its benefits for clients, families, and primary health care providers
- Discuss appropriate referral pathways for OAT in Newfoundland and Labrador

### Speaker:

**Joni Ingram, BScN, RN, CPMHN(c)**

Regional Team Lead – Opioid Dependence Treatment Program  
Mental Health & Addictions  
Western Health
