

PROJECT ECHO NL: OPIOID USE DISORDER

Session 3: Tuesday, January 5, 2021

Harm Reduction and Overdose Prevention

Tuesday, January 5, 2021

8:30 – 9:30 am NST

Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Define and identify the guiding principles of harm reduction.
- Identify common misconceptions about harm reduction in opioid dependence treatment settings.
- Explain the benefits for clients, families and communities of using harm reduction practices.
- Identify harm reduction strategies in relation to substance use, including overdose prevention.
- Describe opportunities to approach common clinical scenarios in opioid dependence treatment from a harm reduction perspective.
