

# PROJECT ECHO NL: OPIOID USE DISORDER

*Session 4: Tuesday, January 19, 2021*

## Opioid Agonist Treatment (OAT) and Pharmacy

**Tuesday, January 19, 2021**

**12:00 – 1:00 pm NST**

### Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Assess prescriptions for opioid agonist maintenance treatment (OAMT) to ensure completeness and that all legal requirements for the prescription are met.
- Assess prescriptions for OAMT for clinical appropriateness, including dose and drug-drug, drug-disease, and drug-laboratory interactions.
- Plan how to assess a patient prior to releasing an OAMT dose and/or carries, and how to manage issues that may arise.
- Safely and effectively manage missed OAMT doses.
- Manage a patient's care through a variety of clinical scenarios, including hospitalization and incarceration.

### Speaker:

**Natalie Holden, BSc. Pharmacy, PharmD**

Clinical Pharmacist  
Waterford Hospital  
Eastern Health

### Registration Information:

Sessions take place on Zoom.
