

# PROJECT ECHO NL: OPIOID USE DISORDER

*Session 9: Tuesday, March 30, 2021*

## Transitioning between Pharmacotherapies

**Tuesday, March 30, 2021**

**8:30 – 9:30 am NDT**

### Learning Objectives:

At the conclusion of this activity, participants will be able to:

- Describe the circumstances in which transitioning between pharmacotherapies would be indicated and/or considered.
- Describe how to transition from methadone to buprenorphine.
- Describe how to transition from methadone to extended-release buprenorphine (Sublocade™).
- Describe how to transition from ORT to antagonist therapy with naltrexone.
- Be familiar with the concept of microdosing and know one or two resources on the topic.

### Speaker:

**Dr. Jennifer Wyman, MD, FCFP, DABAM, MPH**

Associate Medical Director, Substance Use Service

Women's College Hospital, Toronto

Medical Educator, META:PHI
